

LAURA'S LEGACY OF LOVE

Mission Statement

We're your friends and neighbors, driven by our mission to **improve the communities we live and work in**. With roots that go back more than two decades to dedicating service, money and time to improve our communities, Laura's Legacy of Love works shoulder to shoulder with community organizations, businesses and government agencies to offer services, assistance, and programs to help residents of Maine. We complete this through sponsorship of children's sports, donations to food banks and homeless shelters, providing additional help to families during tragedies and supporting Maine's First Responders.
